

SULF2 – Top 10 Enrichments – NetworkNeighborAL

Description

HS–GAG biosynthesis

HS–GAG biosynthesis, and Heparanase activity

Proteoglycan biosynthetic process, and HS–GAG biosynthesis

Glycosaminoglycan metabolism, and Sulfation

Heparan sulfate/heparin (HS–GAG) metabolism, and Glycosaminoglycan biosynthesis – chondroitin sulfate / dermatan sulfate

Glycosaminoglycan metabolism, and Sulfotransferase activity

Mixed, incl. Glycosaminoglycan metabolism, and Sulfotransferase activity

Glycosaminoglycan metabolism, and Glycosyl transferase 64 domain
