

SULF2 – Top 10 Enrichments – SMART

Description

Link (Hyaluronan-binding)

Alpha mannosidase, middle domain

Found in Wnt-1

Furin-like repeats

Von Willebrand factor (vWF) type C domain

Epidermal growth factor-like domain.

Thrombospondin type 1 repeats

Acidic and basic fibroblast growth factor family.

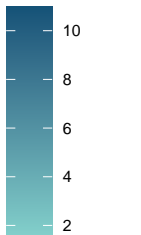

1e-12

1e-09

1e-06

P-value

FDR (-log10)

Gene count
