

# DUOX1 – Top 10 Enrichments – Process

Description

Regulation of multicellular organismal process

Response to external stimulus

Cellular response to stimulus

Cellular response to organic substance

Response to stimulus

Response to oxygen-containing compound

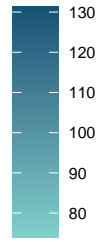

Response to organic substance

Response to stress

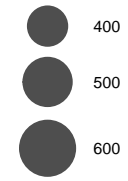

Response to chemical

Cellular response to chemical stimulus

FDR (–log10)

Gene count

P-value

1e-100 1e-94 1e-88 1e-82 1e-76
