

# LTBP4 – Top 10 Enrichments – SMART

Description

Laminin G domain

Thrombospondin N-terminal –like domains.

Fibrillar collagens C-terminal domain

Leucine rich repeat N-terminal domain

Tubulin/FtsZ family, C-terminal domain

Von Willebrand factor (vWF) type C domain

Tubulin/FtsZ family, GTPase domain

Thrombospondin type 1 repeats

Calcium-binding EGF-like domain

Epidermal growth factor-like domain.

1e-15

1e-12

1e-09
