

# SULF2 - Top 10 Enrichments - RCTM

Description

Signaling by Receptor Tyrosine Kinases

Diseases of glycosylation

Extracellular matrix organization

Diseases associated with  
glycosaminoglycan metabolism

Disease

HS-GAG biosynthesis

Chondroitin sulfate/dermatan sulfate  
metabolism

Heparan sulfate/heparin (HS-GAG)  
metabolism

Metabolism of carbohydrates

Glycosaminoglycan metabolism

1e-52

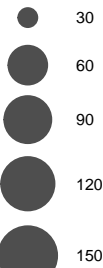

1e-44

1e-36

1e-28

P-value

Gene count

FDR (-log10)
