

DUOX1 – Top 10 Enrichments – Pfam

Description

Protein phosphatase 2A regulatory B subunit (B56 family)

Oxidoreductase FAD-binding domain

Glutathione S-transferase, C-terminal domain

AhpC/TSA family

Ferric reductase like transmembrane component

Glutathione peroxidase

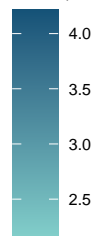

Ferric reductase NAD binding domain

FAD-binding domain

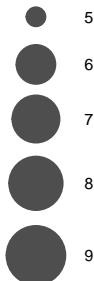

Oxidoreductase NAD-binding domain

Animal haem peroxidase

FDR (-log10)

Gene count

1e-07

1e-06

1e-05

P-value
